Race and Ethnicity in the United States: 2010 Census and 2020 Census

Share Facebook Twitter LinkedIn

August 12, 2021

The 2020 Census data underlying this visualization are available in the Redistricting Data Summary Files. We're currently preparing easier-to-use tables for data.census.gov, scheduled for release in September. Changes since 2010 can be calculated using the 2010 Census data.

Race and Ethnicity in the United States: 2010 Census and 2020 Census

Pick a topic. Race by Ethnicity | Hispanic Origin

Select a question:

What percentage was each group in 2020? | How has each group changed since 2010? | What are facts for my state or county?

To view specific groups: (1) Use the first drop-down filter to select a race group, (2) Use the second drop-down filter to select Total Population, Hispanic or Latino, or Not Hispanic or Latino, and (3) Hover over the map to view statistics for each state. The list on the left shows states (or state equivalents) ranked by the percentage for the selected group out of the total population, Hispanic or Latino population, or not Hispanic or Latino population. Use the filter on the right of the map to view county-level statistics for your state.
