*Course Completion Rate* is generated by dividing the number of enrollments on the last class day (All enrollments - W) by enrollments on course census day.
*Course Success Rate* is generated by dividing the sum of A, B, and C grades by number of enrollments on course census dates in those courses.
In some instances grades were awarded other than A-F and W (I, IP, P, N. Z, etc.). In those instances, the grades are not reflected in the distribution and may result in a slight undercount in course enrollments.
