

Maymester Pay
March 29, 2018

To: All Faculty

From: Payroll Department

As the college continues to grow, the volume of payroll activity has increased significantly. In the past, Maymester payroll was paid in a separate payroll run on or around June 15th. Effective this year, the Maymester payroll will be combined with the regularly scheduled June payroll.

Therefore, if you teach a Maymester class, you will receive your pay on June 28th with the regular June monthly payroll.

Please plan accordingly as you consider your June pay with this revised Maymester pay schedule in mind.

If you have any questions please contact one of the Payroll Department personnel listed below.
