

LOCATIONS

CCCCD offers credit and continuing education courses on campus, at area businesses or via the Internet. In addition to providing core curriculum courses, each location specializes in a particular academic discipline.

Central Park Campus

CCCCD opened its first campus, the Central Park Campus (CPC), in McKinney in January 1986. Located on 115 acres just west of Highway 75 on Highway 380, the campus includes a facility that is the center for the college's health and public service programs. Recently, the college constructed additional general-purpose classrooms at Spring Creek, adding space for high tech training and science labs. College Place Apartments, an on-campus housing complex owned by the CCCC Foundation, Inc. and operated by Century Campus Housing Management of Houston, is also located at SCC. The campus's academic specialties include fine arts, communications and humanities, and mathematics and natural sciences.

Preston Ridge Campus

Preston Ridge Campus is comprised of Heritage Hall, Founders Hall, Alumni Hall, and University Hall. It is also the home of the college's high-tech and business programs including electronic engineering technology, semiconductor and manufacturing technology, computer network technology, computer-aided drafting and design, and telecommunications technology. The campus is home to the first academic "Convergence Lab" in the state of Texas and is also the site for a national Cisco Academy Training Center, which serves the eight-state Southwest region. PRC is also under expansion with plans underway to build technology and science classrooms along with a new library.
