Certificate in Traditional and Computer Illustration
1992: University of Paris - Paris, France
Studies in Art Appreciation and French
1995: Royal College of Art - London England
Computer Holography
Combined the Computer, Film and Lasers to produce 3-Dimensional graphics.

EMPLOYMENT

1994-1995: West End Post - Interactive Department
Interface Designer, Graphic Designer and Illustrator.
I was responsible for storyboarding the project and working with the programmer in how the design should flow. The graphics were produced in Illustrator and Photoshop.
1994: Instructor - Lead classes on Beginning 2-D Illustration, Advance 2-D Illustration and Professional Practice course.
For this class I provided speakers such as copywrite lawyers, agents and motivational speakers. The class also centered around the development of the students portfolio.
1993: Ernst & Young - Multimedia Graphic Designer.
Designed and Illustrated Training programs for employees as well as other firms. (Programs used) Photoshop and MacroMind Director.
Collin County Community College
1993: Instructor - Lead classes on Introduction to Computer Graphic.
I instructed students in the software and hardware of the Macintosh. Programs taught to the students consisted of Illustrator, Quark, MacDraw, MacPaint and Scanning methods.
1992-1993: Lab Technician in Macintosh Lab - responsibilities included software and hardware maintenance on the computers, assisting students by trouble shooting any problems incurred.
1987-1992: City of Plano, Department of Parkes and Recreation
Art Instructor - Designed and Instructed courses in Painting, Drawing and Design. (*For Adult Students Only*)

KNOWLEDGE

Experience in 2D Animation (MacroMind Director), Quark Express, Adobe Premiere, Proficient Photoshop, Adobe Illustrator and Aldus Freehand, Burning CD-Rom's and Dcbabelizer.
