

## Learning Resources Centers (Libraries)

### LRC mission statement

[LRC home](#) | [About the LRC](#) | [Databases from on-campus](#) | [Databases from off-campus](#)

The Learning Resources Center Program is an integral part of the Collin County Community College learning environment. The mission of the LRC is to support teaching and learning by providing the excellent staff, resources, instruction and information services needed by our community of users.

-  **Service**  
Provide the highest quality information services to all Collin County Community College populations.
-  **Resources**  
The LRC will maintain and make available collections of materials and equipment to support the instructional programs of the college, which have been selected with significant faculty input.
-  **Instruction**  
Design and provide instruction to help users become effective independent learners and researchers.
-  **Access**  
Provide equitable access to staff, resources, services and facilities for all Collin County Community College populations.
-  **Technology**  
Provide students and instructors access to innovative and emerging technologies.
-  **Staff**  
Attract and retain staff who are knowledgeable, motivated, adaptable, service-oriented and effective.
-  **Management**  
Provide an open, collegial, well-organized, flexible and responsive Learning Resources Center, adaptive to the changing needs of its community.
