

Core Objectives Assessment Team (COAT)

Meeting Minutes

Monday, October 8, 2012
4:00 PM – 4:45 PM, CHEC – 200

- 1. Website:** The website for COAT is still in development. Members were asked to view the website to note any needed changes. A decision was made to make the rubric links available at the top of the webpage along with the assessment cycles in order to be more readily accessed. Also, the core objectives rationale and the core elements document will be included on the website.
- 2. Social Responsibility Rubric:** COAT members offered suggestions of changes to the wording of the rubric, particularly for the Benchmark category.
- 3. Personal Responsibility Rubric:** COAT members decided to make major changes to the current rubric. The sub-committee that was formed in the fall of 2011 to create the rubric will convene again to make the changes. The committee agreed that criterion should more closely align with the state's definition of personal responsibility.
- 4. Rubric break-out sessions:** COAT members divided into two groups to evaluate and refine the rubrics for Critical Thinking and Written Communication Skills. The refinements were needed based on the artifact assessment sessions that occurred over the course of the summer 2012. While assessing, team members found certain criterion ambiguous and difficult to use.
- 5. Next COAT meeting:** November 13, 2012 at 4:00 pm in CHEC 225
