Notification Requirements Impacting Curriculum Implementation Dates

- New programs must notify the Higher Education Regional Council of their intent.
- New programs must be approved by Collin’s Board, with a signed letter sent to the THECB.
- New Programs must be submitted to the US DOE 90 days prior to the first day of class in order for a student to receive financial aid; if the 90 day deadline is not met, the college must wait for US DOE approval before awarding financial aid to program enrollees.
- Online course additions may trigger the need to notify SACS that online program availability exceeds 25% or 50% status.
