SUMMARY <i>Description of findings from your program review</i>
Overall, the review was thorough and provided a good understanding of the program’s role within the larger organization. There are a couple of syntax errors you will want to correct before the Review is published. Pg. 3 spelling should be embedded (not imbedded). Pg. 8 handbooks is one word. Pg. 13 chart needs a title and should spell out the acronyms if possible. Additional comments have been provided on the Composite document.
