Note 1: The report includes data from Collin College's Faculty Load (FLAC) System for fall 2022. The data were extracted on 9/27/2022, upon receiving notification that roster certification was completed. It reflects credit course sections that started on or before 9/6/2022. Noncredit enrollment is not

Note 2: To facilitate salary payment, FLAC data occasionally include multiple instances of a single section when that section is taught by more than one instructor. This primarily occurs in learning communities and some labs and clinicals in health sciences. For this report, counting contact hours associated with multiple instances of a single section would inappropriately inflate contact hour totals by counting the same contact hours more than once. To avoid over-counting contact hours, multiple instances of the same section were either collapsed into a single instance, or enrollment numbers were distributed across the instances to accurately reflect the actual total enrollment generated.
