Source: Collin College faculty workload data for fall 2020 (202110) and corresponding faculty job codes, both generated by Administrative Programming Services.

¹For purposes of this report, full-time faculty members are defined as anyone teaching a course section that appears in the fall 2020 FLAC System who either has a Banner contract type of FT and a Banner PRTPICT code of "FC" or "FN.". All other faculty members are defined as part-time.

Note 1: Statistics reflect all credit enrollment from the fall 2020 semester as it appears in Collin's FLAC System. Noncredit students are not reflected in this report.

Note 2: To facilitate payment of salaries, the FLAC data occasionally include multiple instances of a single section when that section is taught by more than one faculty member. This occurs in learning communities, a number of lab and clinical sections in Health Sciences and Emergency Services, and a few sections in other divisions. However, for purposes of this report, counting contact hours associated with multiple instances of a single section would inappropriately inflate contact hour totals by counting the same contact hours more than once. To avoid over-counting contact hours, multiple instances of the same section were either collapsed into a single instance (learning communities and instances when only one faculty member received remuneration for the section) or enrollment numbers were distributed across the instances to more accurately reflect the actual total enrollment generated.

Source: Collin College faculty workload data for fall 2020 (202110) and corresponding faculty job codes, both generated by Administrative Programming Services.

¹For purposes of this report, full-time faculty members are defined as anyone teaching a course section that appears in the fall 2020 FLAC System who either has a Banner contract type of FT and a Banner PRTPICT code of "FC" or "FN.". All other faculty members are defined as part-time.

Note 1: Statistics reflect all credit enrollment from the fall 2020 semester as it appears in Collin's FLAC System. Noncredit students are not reflected in this report.

Note 2: To facilitate payment of salaries, the FLAC data occasionally include multiple instances of a single section when that section is taught by more than one faculty member. This occurs in learning communities, a number of lab and clinical sections in Health Sciences and Emergency Services, and a few sections in other divisions. However, for purposes of this report, counting contact hours associated with multiple instances of a single section would inappropriately inflate contact hour totals by counting the same contact hours more than once. To avoid over-counting contact hours, multiple instances of the same section were either collapsed into a single instance (learning communities and instances when only one faculty member received remuneration for the section) or enrollment numbers were distributed across the instances to more accurately reflect the actual total enrollment generated.

Source: Collin College faculty workload data for fall 2020 (202110) and corresponding faculty job codes, both generated by Administrative Programming Services.

¹For purposes of this report, full-time faculty members are defined as anyone teaching a course section that appears in the fall 2020 FLAC System who either has a Banner contract type of FT and a Banner PRTPICT code of "FC" or "FN.". All other faculty members are defined as part-time.

Note 1: Statistics reflect all credit enrollment from the fall 2020 semester through the end of the term as it appears in Collin's FLAC System. Noncredit students are not reflected in this report.

Contact Hours by Campus, Division, Associate Dean, and Department by Faculty Employment Status
District-Wide Totals
Collin College
Fall 2020 End-of-Term

| Division | Department | Full-Time Faculty ¹ | | Part-Time Faculty | | Total |
|----------------------------|------------|--------------------------------|-----|-------------------|-----|-----------|
| | | Number | % | Number | % | |
| Institutional Total | | 3,662,240 | 63% | 2,173,048 | 37% | 5,835,288 |

Note 2: To facilitate payment of salaries, the FLAC data occasionally include multiple instances of a single section when that section is taught by more than one faculty member. This occurs in learning communities, a number of lab and clinical sections in Health Sciences and Emergency Services, and a few sections in other divisions. However, for purposes of this report, counting contact hours associated with multiple instances of a single section would inappropriately inflate contact hour totals by counting the same contact hours more than once. To avoid over-counting contact hours, multiple instances of the same section were either collapsed into a single instance (learning communities and instances when only one faculty member received remuneration for the section) or enrollment numbers were distributed across the instances to more accurately reflect the actual total

Note 3: The abbreviations "(DW)" signifies that a dean and associate dean has District-wide responsibility for the associated discipline or disciplines. For disciplines not so identified, the dean and associate dean have responsibility only for courses taught at their campus or at off-campus instructional sites assigned to their campus.

Note 1: Full-time faculty members are counted only once in the department associated with their primary teaching assignment. Part-time faculty members are counted once for each department in which they have a teaching assignment.

Note 2: This report assumes that all full-time faculty members were correctly tallied by the time fall rosters were certified following the census date and that there were no changes in the numbers of full-time faculty members between that time and the end of the term. Thus, except for Collegiate Academy faculty members, only part-time faculty counts vary from the census report to the end-of-term report.

Note 3: The six full-time faculty members counted in the Collegiate Academy (CA) at the Frisco Campus are duplicated among Art, English (2), History (2), and Psychology at Frisco. The seven CA faculty members at the Plano Campus are duplicated among Biology, Economics, English (2), History (2), and Political Science at Plano. The CA counts serve only to indicated how many faculty members were teaching as CA faculty members during fall 2020, and they are not counted in totals to avoid duplicative counts.
