Source: Collin College FLAC system for fall 2021 (202210) and corresponding faculty job codes, both generated by Technology Services.

¹ In this report, full-time faculty members are defined as any employee teaching a course section that appears in the fall 2021 FLAC System with a Banner contract type of FT and a Banner PRTPICT code of "FC" or "FN." By default, all other instructors are defined as part-time.

Note 1: The report includes data from the fall 2021 FLAC System as of 9/27/2021 reflecting credit course sections with census dates on or before 9/7/2021. Noncredit enrollment is not included.

Note 2: To facilitate salary payment, FLAC data occasionally include multiple instances of a single section when that section is taught by more than one instructor. This primarily occurs in learning communities and some labs and clinicals in health sciences. For this report, counting contact hours associated with multiple instances of a single section would inappropriately inflate contact hour totals by counting the same contact hours more than once. To avoid over-counting contact hours, multiple instances of the same section were either collapsed into a single instance, or enrollment numbers were distributed across the instances to accurately reflect the actual total enrollment generated.
