### **Your Orders**

The Your Orders page within your Amazon Business account will allow you to review, change, cancel, return, and/or track orders that you have placed within the account.

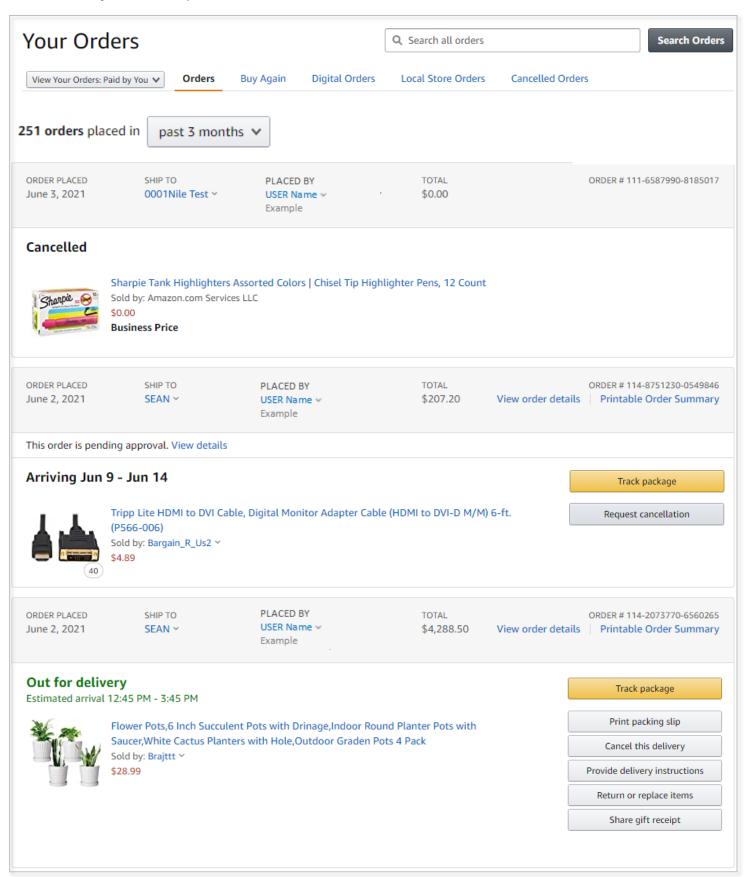

- 1. Hover over "Hello, NAME" in the upper right hand corner of your home page.
- 2. Click Your Orders from the drop down menu.

3. Select View Your Orders: Paid by You and choose the date range in which your orders were placed. You can also search for an order using the Search all orders bar. Administrators can also select to View All Orders: Company to see all orders placed on the Amazon Business account within the date range that is chosen.

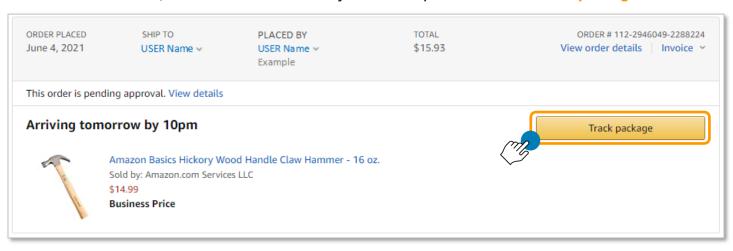

#### 4. Review your order queue.

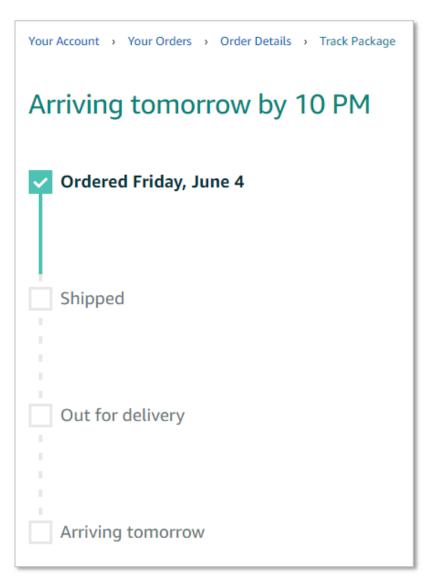

## Tracking an Order

1. To track an order, locate the order within your order queue and click Track package.

 Review delivery status and tracking information. If you have additional questions about your order you can contact <u>Amazon Business Customer Service</u>.

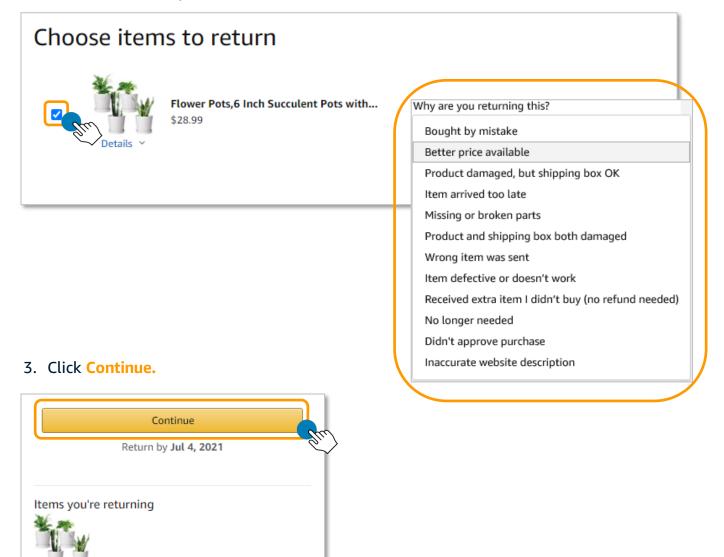

### **Return an Order**

An order return/replacement can be initiated by the requistioner who placed or submitted the order for approval, or by an account administrator.

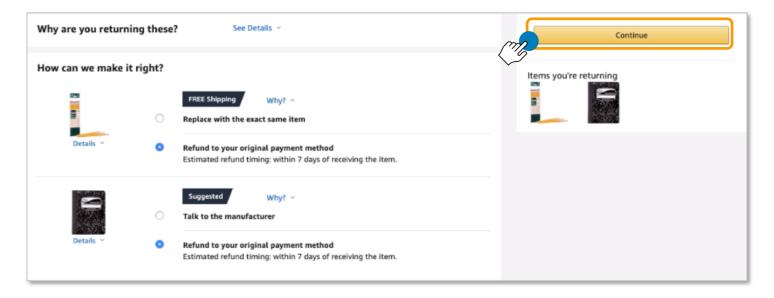

1. To return an item, locate your order from your order queue and select Return or replace items.

2. Select the item(s) you wish to return and then select a reason as to why you are returning the item from the drop down menu.

4. Choose an option for How can we make it right and select Continue.

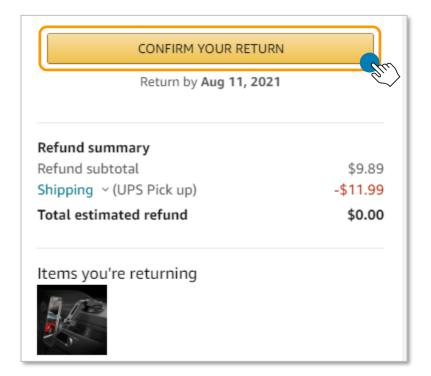

#### 5. Review and select an option for How you will mail your return.
